We thank you for selecting Websites by Skool Loop to build your new school website!

Kindly note that this agreement will be effective for 12 months and be renewed annually unless otherwise indicated. Our team will work with you to update content on your website as required.

Local businesses will be contacted by our team and offered the chance to feature on your website to ensure all costs, including hosting, are provided completely free to the school.

Please note cancellation of this agreement either during the build process or prior to the 12 month period ending, will result in a penalty charged back to the school. This will cover our development and design costs, *if your decision is to cancel after 3 days of booking.*

Our website administrator will be in touch shortly, to confirm any requirements. You will be provided with 3 template proofs to review and request changes before your new layout goes live.

To ensure we are completely transparent and you're aware, we fund Websites by Skool Loop completely free by having a small amount of advertising content featured on your website. This content in no way hinders the functionality of the site, it sits nicely at the bottom of the screen.

Thank you, we look forward to working with you!
